Giza 1800 Avenue of the Starts Los Angeles, California 90067 Telephone: (310) 277-1010</p>

NATURE AND PURPOSE OF THE PROCEEDINGS:

The above-captioned lawsuit is an action by Plaintiff LG Display Co., Ltd., a corporation existing under the laws of South Korea, against Defendants that include AU Optonics Corporation ("AUO") and Chi Mei Optoelectronics Corporation ("CMO"), both corporations existing under the laws of Taiwan. AUO asserted its own claims against LG Display Co., Ltd. and LG Display America, Inc., a corporation existing under the laws of the United States. Both LG Display Co., Ltd. and LG Display America, Inc. are referred to collectively as "LG Display." This Court properly has jurisdiction over all the parties and the subject matter of this action.

AUO's claims against LG Display are for infringement of United States Patent Nos. 5,748,266, 6,689,629, 6,976,781, 6,778,160, 6,734,944, 7,125,157, 7,090,506, and 7,101,069 (collectively, "the AUO Patents-in-Suit"), which cover various aspects of liquid crystal display ("LCD") technology. AUO alleges that LG Display makes and sells certain LCD modules that infringe the various claims of the AUO Patents-in-Suit.

AUO alleges that LG Display manufactures infringing LCD modules and that LG Display sells and supplies those allegedly infringing modules to LCD manufacturers, including

the LCD Product Manufacturers, located in Hong Kong and elsewhere for use in making LCD products such as televisions, laptop computers and computer monitors. The LCD Product Manufacturers, in turn, sell and supply such display products containing the allegedly infringing LG Display LCD modules to companies and brands that import and sell those products in the United States. AUO believes that LG Display sells LCD modules directly to the LCD Product Manufacturers and other customers. In addition, AUO believes LG Display may ship LCD modules to the LCD Product Manufacturers that LG Display in turn sells to customers whose LCD products are made or supplied by the LCD Product Manufacturers, using infringing LG Display modules.

THE EVIDENCE TO BE OBTAINED:

AUO seeks information from the LCD Product Manufacturers regarding their use and purchase of LG Display's LCD products. Information sought by AUO, for example, includes the quantities and model numbers of LG Display products purchased by the LCD Product Manufacturers, which brands and model numbers of finished LCD products use LG Display's products, and the sale and distribution of these products, including into and for the United States market. AUO thus seeks to depose the LCD Product Manufacturers regarding the set of questions listed in the attached Schedule A. AUO also seeks to obtain from the LCD Product Manufacturers the documents and things listed in the attached Schedule B.

By compelling the LCD Product Manufacturers to answer the questions listed in attached Schedule A and to produce the documents and things listed in attached Schedule B, the Appropriate Judicial Authority of Hong Kong will allow AUO to obtain necessary and material evidence for use at trial concerning issues including whether LG Display induces infringement of the AUO Patents-in-Suit and the amount of damages that should be awarded to AUO regarding any direct and/or indirect infringement.

PROCEDURES TO BE FOLLOWED:

It is requested that the witnesses be placed under oath before answering the questions. In the event that the witnesses cannot be placed under oath, it is requested that they answer questions in such manner as provided by local law for taking evidence.

It is also requested: a) that the responses of the witnesses be recorded by verbatim stenography or, if this is not possible, that AUO be allowed to bring a court reporter to the examination of the witnesses in order to keep such verbatim minutes; b) that the witnesses sign the verbatim transcript or other record of their responses to the questions; and c) that the Court take all available measures to protect the confidentiality of information obtained during the testimony.

It is further requested that the Court request the LCD Product Manufacturers produce or make the available for inspection the documents requested in Schedule B to AUO's United States trial counsel at the following address:

Jeffrey M. Whiting
Wilson Sonsini Goodrich & Rosati P.C.
900 South Capital of Texas Highway
Las Cimas IV, 5th Floor
Austin, Texas, USA 78759

It is also requested, given the importance of the evidence to be obtained, that these Requests be given the highest consideration and that the documents requested be provided as soon as possible. Complete responses are respectfully requested by December 17, 2008, as this is the deadline imposed by the Court for all matters of this type. To the extent that any of these Requests cannot be granted, the execution of these Requests shall be performed according to applicable law and the fact that some part or parts of this request can not be granted should not affect the execution of the remaining parts.

It is requested that the parties' U.S. legal representatives identified above (Jeffrey M. Whiting) be informed as soon as practicable of the date and place where the examination is to

take place. It is further requested that, if possible, notice should be furnished to these legal representatives at least 15 days before the date set for the examination.

Any privilege to refuse to give evidence under United States law is contained in the United States Federal Rules of Civil Procedure ("FRCP"), Federal Rules of Evidence and other applicable United States laws. Specifically, the witness must answer all questions unless the witness is directed by counsel not to answer the question. Such an instruction is appropriate only when necessary to preserve a privilege, to enforce a limitation directed by the court, or to support a motion to cease testimony due to harassment of the witness. See FRCP 30(d)(1).

With regard to the documents requested above, if the LCD Product Manufacturers contend that the contents of a document requested to be produced are protected from disclosure by virtue of a privilege, it is intended and requested that the LCD Product Manufacturers provide a description of the document in question which shall include, with respect to each document:

- (a) The privilege the entity contends protects the document from disclosure;
- (b) An identification of the type of document (*e.g.*, letter, memorandum, facsimile, notes, etc.);
- (c) The date of the document;
- (d) The author(s) of each document and any person(s) who received or obtained copies of the document; and
- (e) A description of the general subject matter of the document.

This Court respectfully requests that the Appropriate Judicial Authority in Hong Kong provide the foregoing judicial assistance pursuant to the Hague Evidence Convention. In addition, and in return for the favor of such judicial assistance by the Appropriate Judicial Authority in Hong Kong with respect to this matter, this Court offers its future assistance which may be hereafter required in the District of Delaware by the Appropriate Judicial Authority of Hong Kong.

The fees and costs incurred which are reimbursable under the The Hague Evidence Convention will be borne by AU Optronics Corporation.

This Letter of Request is made this 25 day of August, 2008 by the undersigned requesting court, the United States District Court for the District of Delaware.

Respectfully requested,

The Honorable Joseph J. Farnan, Jr.
United States District Judge

United States District Court for the
District of Delaware
